

Datasheet

PROXIMITY READERS/ DGLI-MWLC - Standard

Product description

The DGLI-MWLC from CDVI is a stainless steel MIFARE card reader.

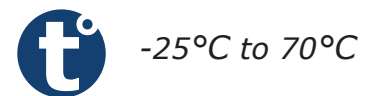

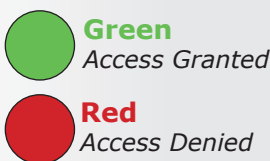

As with the other readers from the range, the DGLI-MWLC gives an anytime status of the door through multi-coloured LED's.

This access control reader has a high performance read range and is easy to mount. Plus, the DGLI-MWLC is vandal proof and has been externally rated.

Key features

- Stainless steel MIFARE reader
- Low power consumption
- Internal control of LED and buzzer
- Audible and visual feedback
- Multicoloured LED's
