ENGLISH

Object of the declaration: Klaxon Fire Alarm Device – Visual Alarm Device for fire detection and fire alarm systems for buildings

| Part Code | Description             | Type               |
|-----------|-------------------------|--------------------|
| TAA-0007  | FIRE BELL INDOOR 6 Inch | Type A: Indoor use |

Hereby, Texecom declares that this equipment is in compliance with the essential requirements and other relevant provisions of the Directives:

|             |                |
|-------------|----------------|
| 2014/30/EU  | EMC Directive  |
| EU 2015/863 | ROHS Directive |

This is demonstrated by conformity against the following harmonized standards:

| Standard     | Edition/Date of Issue | Title of Standard                                                                                                                                                                               |
|--------------|-----------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| EN 61000-6-3 | 2007/A1:2011          | Electromagnetic compatibility (EMC) — Part 6-3: Generic standards - Emission standard for residential, commercial and light-industrial environments                                             |
| EN 50130-4   | 2011+A1:2014          | Alarm systems — Part 4: Electromagnetic compatibility — Product family standard: Immunity requirements for components of fire, intruder, hold up, CCTV, access control and social alarm systems |

This declaration is issued under the sole responsibility of the manufacturer.

Объект декларации: Устройство пожарной сигнализации- Устройство визуальной сигнализации для систем обнаружения пожара и пожарной сигнализации для зданий

| Часть No. | Описание                           | Тип               |
|-----------|------------------------------------|-------------------|
| ТАА-0007  | (150мм) Внутренний пожарный звонок | Тип А: Внутренний |

Настоящим Texecom заявляет, что это оборудование соответствует основным требованиям и другим соответствующим положениям Директив.

|             |                                             |
|-------------|---------------------------------------------|
| 2014/30/EU  | Директива по электромагнитной совместимости |
| EU 2015/863 | Директива ROHS                              |

Это подтверждается соответствием следующим гармонизированным стандартам.

| Стандарт     | Издание / Дата выпуска | Название стандарта                                                                                                                                                                                                                                   |
|--------------|------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| EN 61000-6-3 | 2007/A1:2011           | Электромагнитная совместимость (ЭМС) - Часть 6-3: Общие стандарты - Стандарт излучения для жилых, коммерческих и легких промышленных сред                                                                                                            |
| EN 50130-4   | 2011+A1:2014           | Системы охранной сигнализации - Часть 4: Электромагнитная совместимость - Продукт семейный стандарт: требования к невосприимчивости к компонентам огня, злоумышленник, задержка, видеонаблюдение, системы контроля доступа и социальной сигнализации |

Ответственность за эту декларацию полностью ложится на производителя.
