

Datasheet

TRANSMITTERS/ TX26-T range - Channel hand-held

Product description

The TX26-T range are high security transmitters with rolling code technology and are ideal for automated doors and gates, public or private access, residential or industrial environments.

The full range of hand-held transmitters are rolling code technology - rolling code increases the security of the transmitted signal by changing constantly.

Each product is powered with a changeable battery.

TX26-T1

TX26-T2

TX26-T4

Key features

- Hand-held transmitters
- Up to 250m range in open field
- Available in 1, 2 or 4 channels
- Internal and external use
- Cost effective switching
- Wire-free application

Certification

DEEE

Certification

Product Information

Frequency: 433.92MHz

Modulation: AM/ASK

Coding: Rolling Code Keeloq®

Range: Up to 250m in open field

Electrical specifications

Supply: 3V (CR2032 Lithium battery included)
