

# SensoMAG MRB50

EN 54-11

EN 12094-3

## Manual Release Call Point

- Resettable operating element
- IP40 Protection

SensoMAG MRB50 is a manual call point for emergency start, or forced activation of the extinguishing process on the protected area. The call point is designed to work with extinguishing fire control panels and it is suitable for surface indoor mounting. The pressing of the resettable (flexible) operating element provides immediate activation of the extinguishing process on the protected area. SensoMAG MRB50 is equipped with a transparent protective cover which helps for minimizing the unwanted activation of the call point.

### Features

- Resettable operating element
- IP40 Protection
- ABS Plastic material

### Technical Specifications

Operating Voltage Range	9 - 30VDC
Switch	NO type (normally open)
Wire gauge for terminals	0.4mm <sup>2</sup> – 2.0mm <sup>2</sup>
Relative humidity resistance	(93 ± 3)% @ 40°C
Operation temperature	-10°C - +60°C
Weight	169g
Dimensions	
-with cover	94x60x92mm
-without cover	90x57x90mm
